

# FY2019 E-RATE REQUEST FOR PROPOSALS:

## KIPP NYC SCHOOLS

**Initial Service Timeframe:** 7/1/2019 – 6/30/2020

**Possible Contract Extension:** 1-, 2-, 3-year or month-to-month contract extension(s)

**Publication Date:**

**Bids Due:** October 5, 2018

**Required Bid Format:** Final Bid responses must be supplied in complete in PDF Form, **with all pricing in Excel Spreadsheets as per the format below**, via email to [TechBids@kippnyc.org](mailto:TechBids@kippnyc.org) no later than midnight on due date.

**About Us:** *In school year 2018-19, KIPP NYC Schools will include 13 schools in the Bronx, Brooklyn, and Manhattan and 1 central administrative Shared Services Team office with offices in midtown Manhattan. KIPP NYC plans to open two more schools in the Bronx in 2019. All KIPP NYC schools are chartered as public schools by the following authorizers: NYC Department of Education (KIPP Academy Charter); New York State Education Department (KIPP AMP, KIPP Infinity, KIPP Washington Heights, KIPP STAR, KIPP Freedom I); State University of New York (KIPP NYC Charters 7 and 8). More information can be found here: [www.kippnyc.org](http://www.kippnyc.org).*

## **RFP DESCRIPTION**

KIPP NYC Schools is seeking bids for the following services, all of which include E-Rate eligible services. **Vendors may bid on all or part of the services or all or some addresses. Bid awards may be by site or address or may be for all sites, or some combination thereof.**

1. **SERVICE 1:** CAMPUS BANDWIDTH SERVICES – DEDICATED INTERNET ACCESS (DIA)
2. **SERVICE 2:** CAMPUS WAN SERVICES – WAN – preference for Managed MPLS

## **RFP REQUIREMENTS**

1. Vendor SPIN number must be submitted as part of Bid Document, along with evidence of vendor's good standing with the E-Rate program.
2. Full adherence to USAC Requirements is required -- see following pages.
3. Pricing terms and pricing vehicle must be clearly specified in proposal; all related contracting documents must be included or linked explicitly, including any documentation published by state, national, or other purchasing consortia, contracts, or cooperatives.
4. Specify for all services what percentage and what dollar figure of the costs (and extended annual costs) are e-Rate eligible vs. not e-Rate eligible. This includes any monthly recurring costs.
5. Pricing must be provided in Excel spreadsheet, submitted via email in addition to the formal PDF bidding document.
6. Supply full terms and conditions of the plan type with the bid submission.

# FY2019 E-RATE REQUEST FOR PROPOSALS:

## KIPP NYC SCHOOLS

### DISQUALIFICATION TERMS

1. Vendors who do not provide all requested information in their bids may be disqualified.
2. Vendors without active SPINs or vendors who are not in good standing with the E-Rate program will be disqualified.
3. Vendors who do not submit pricing in Excel form and the Response in PDF per the instructions on page 1 will be disqualified.

### UNIVERSAL SERVICE (E-RATE) REQUIREMENTS

To warrant consideration for an award of contract resulting from this Request for Proposal, vendors must agree to participation in the Universal Service Support Mechanism for Schools and Libraries (commonly known as “E-rate”) as provided for and authorized under the federal Telecommunications Act of 1996 (Reference 47 U.S.C. § 254, “Universal Service”). Vendors acknowledge that any contractual relationship resulting from this solicitation of proposals may be partially or entirely dependent upon the successful receipt of Universal Service Fund (“USF”) subsidies. To ensure compliance with all applicable USF regulations, program mandates and auditing requirements, vendors must comply with the following:

- **USF Knowledge:** Vendor shall have, at a minimum, a working knowledge of the federal Universal Service Support Mechanism for Schools and Libraries (commonly known as “E-rate”).
- **USF Registration:** Vendor shall submit with its proposal a valid Service Provider Identification Number (“SPIN”) and a valid Federal Communications Commission Registration Number (“FCCRN”).
- **USF Participation:** Vendor shall agree to participate in the E-rate Program and to cooperate fully and in all respects with the District, the Universal Service Administrative Company (“USAC”), and any agency or organization administering the E-rate Program to ensure that the District receives all of the E-rate funding for which it has applied and to which it is entitled in connection with Vendor’s services and/or products.
- **Lowest Corresponding Price:** The Lowest Corresponding Price Rule (“LCP Rule”), 47 CFR § 54.511 (b), prohibits Vendor from ever charging the District more for E-rate eligible goods or services than it charges similarly situated non-residential customers for similar goods or services, unless it can prove that the lowest corresponding price (“LCP”) is not “compensatory.”
  - The District is not obligated to ask for the LCP; it must receive it.
  - If, at the time of delivery, the LCP is lower than the agreed-upon price, Vendor must charge the LCP.
  - Promotional rates that Vendor offers for a period of more than 90 days must be included among the comparable rates upon which the LCP is determined.
  - There is a rebuttable presumption that rates offered within the previous three years are still compensatory.
  - Vendor may not avoid the LCP Rule by arguing that none of its non-residential customers are identically situated to the District or that none of its contracts cover goods or services identical to those sought by the District.
  - The FCC will permit Vendor to charge the District more than the LCP only when it can prove to the agency that the LCP is not “compensatory” – i.e., that it will face demonstrably and significantly higher costs to provide its goods and/or services to the District than it would to provide similar goods and/or services to similarly situated non-residential customers. Some factors that could affect the cost of service are volume, mileage from facility, and length of contract.
- **USF Documentation:** Vendor shall provide to District staff and/or the District’s E-rate consultant within a commercially reasonable period of time, all of the information and documentation that the Vendor has or that

# FY2019 E-RATE REQUEST FOR PROPOSALS:

## KIPP NYC SCHOOLS

Vendor reasonably can acquire that the District may need to prepare its E-rate applications and/or to document transactions eligible for E- rate support.

- **Invoicing Procedures:** Vendor shall itemize, price, and invoice separately any materials or services that are ineligible for E-rate funding. Vendor must include the following information on all invoices to the District for E-rate eligible equipment and/or services:
  - Date of invoice
  - Date (s) of service
  - Funding Request Number (“FRN”)
  - Vendor’s signature on invoice attesting to the accuracy and completeness of all charges
  - Detailed description of services performed and materials supplied that matches District’s contract specifications, Form 470 and Form 471 descriptions of same
  - Clear, concise breakdown of amount(s) to be billed to USAC (discounted portion of eligible charges) and amount(s) to be billed to the District (non-discounted amount of eligible charges)
  - Invoice on Vendor’s letterhead or on a Vendor-generated form
  - District’s Billed Entity Number
  - District’s Federal Communications Commission Registration Number
  - Proper E-rate discount percentage as set forth by the applicable FRN and USAC funding commitment decision letter (“FCDL”)
- **USF Discounted Invoicing and Reimbursement Processes:** Vendor shall, at the District’s request, either (a) invoice the District only for the non-discounted amounts due on E-rate-approved transactions and simultaneously invoice the Universal Service Administrative Company (“USAC”) for the balance [Discounted Invoice Process] or (b) invoice the District in full for eligible products and services [Reimbursement or “BEAR” Process].
- **Discounted Invoice Process**
  - **Invoicing:** Within fourteen (14) days from the date that Vendor delivers to the District, E-rate approved materials or services, when delivery of such services triggers a payment obligation under Vendor’s contract with the District, Vendor must invoice the District for its share of the pre- discount cost of those materials or services.
  - **Timely Filing:** Vendor shall be solely responsible for timely filing invoices with USAC. Accordingly, Vendor understands and agrees that District will NOT be liable to Vendor and Vendor shall have no recourse against the District for any discounted amount that Vendor submits late to USAC for payment, if USAC refuses to pay the invoice due to late filing.
  - **Invoice Rejection:** Vendor understands and agrees that District shall not be liable to Vendor and Vendor shall have no recourse against the District for any discounted amount that Vendor submits to USAC for payment if Vendor is at fault for USAC’s refusal to pay; if the District is at fault, the District shall not be liable to Vendor and Vendor shall have no recourse against the District for the amount at issue until both the District and the Vendor have exhausted their administrative remedies of appeal to USAC and/or the FCC.
  - **District Approval:** Vendor shall submit to the District for its review and approval before submitting it to USAC for payment, a copy of every invoice that Vendor intends to submit for services that it has provided or, in appropriate circumstances, will be providing to the District. The District shall not unreasonably delay or withhold approval of Vendor’s USAC invoices. As Vendor is solely responsible for timely filing invoices with USAC, it understands that it must submit invoices to the District sufficiently in advance of any USAC filing deadline to ensure that there will be adequate time remaining for it to meet the USAC filing deadline after the District has had a reasonable opportunity to review and approve them.
  - **Reimbursement Process: Service Provider Annual Certification:** Vendor understands that the District’s ability to file a FCC Form 472 to start the BEAR process is dependent upon the Vendor filing a FCC Form 473, Service Provider Annual Certification form for the relevant funding year. Moreover, Vendor understands and

# FY2019 E-RATE REQUEST FOR PROPOSALS:

## KIPP NYC SCHOOLS

agrees that its failure to file the Form 473 in a timely manner will adversely affect the District's operations and may prohibit the District from being able to receive reimbursement monies that it is entitled to receive. If the District is unable to receive reimbursement money due to the lack of a Form 473 from the Vendor, the Vendor will be liable to the District for any monies that the District was unable to collect from the USF program due to the Vendors lack of a Form 473.

- **Delayed USF Funding Commitment:** Vendor understands that, due to circumstances beyond the District's control, the District may not receive an E-rate funding commitment by the beginning of the E-rate funding year, July 1, for the services it intends to purchase from Vendor during that funding year.
- **Retroactive Invoicing:** When E-rate funding is approved, Vendor shall invoice USAC for the discounted amount the District is owed retroactive to July 1st of the funding year or to whenever approved service to the District began, whichever date is later.
- **USF Audit and Document Retention Requirement:** Vendor shall maintain all bids, quotes, records, correspondence, receipts, vouchers, delivery information, memoranda and other data relating to Vendor's services to the District. All such records shall be retained for ten (10) years following completion of services and shall be subject to inspection and audit by the District. Vendor shall include in all subcontractor agreements for services, provisions requiring subcontractors to maintain the same records and allowing the District the same right to inspect and audit those records as set forth herein.

In addition to the foregoing, Vendor will create, implement and enforce an internal E-rate audit process that ensures that Vendor complies with all E-rate program rules and regulations. This process must include the following:

- Separating ineligible project management and other professional services costs, if any, from other charges
- Where labor is involved, maintaining detailed, signed individual timesheets
- Ensuring that ineligible charges are not submitted to USAC
- Invoicing to USAC that is consistent with the contract and the District's 470 and 471
- Ensuring that services or products are not provided to the District without District's express written permission or official purchase authorization
- Ensuring that District-approved substitute services or products are prominently noted on invoices submitted to USAC and the District
- Where applicable, non-recurring services should be provided prior to September 30th and recurring services provided prior to June 30<sup>th</sup> of the relevant E-rate funding year
- Supporting documentation sufficient to evidence that what was approved per the FCDL and provided to the District, was actually provided to the District and when
- If E-rate eligible services and/or installation or equipment costs are included as part of a larger contract or service/equipment billing, support for the allocation of E-rate eligible amounts and reconciliation of that total to the total amount billed
- If E-rate eligible services or equipment are allocated to multiple sites, support for the allocation consistent with the amount and locations identified in the Form 471
- Documenting that E-rate funded services were provided within the allowable contract period and program year
  - Charging proper FRN(s)
  - Ensuring that invoices and USAC forms are submitted to the District in a timely manner
  - Ensuring that USAC forms are filled out completely, accurately and on time

## FY2019 E-RATE REQUEST FOR PROPOSALS:

### KIPP NYC SCHOOLS

- Maintaining fixed asset list of E-rate-supported equipment provided to the District with detailed information for each item (model number, serial number, product description) and made available to the District in electronic format
- **Contract Term Modification:** The District will reserve the right to extend or abbreviate the contract period if such extension or abbreviation is necessary to make the Contract term coincide with an E-rate “program year” or an extended service end date for an E-rate program year pursuant to a “service delivery deadline extension,” as those terms are defined by the Federal Communications Commission (“FCC”) and/or the Universal Service Administrative Company (“USAC”).

# FY2019 E-RATE REQUEST FOR PROPOSALS:

## KIPP NYC SCHOOLS

### SERVICE 1: CAMPUS DEDICATED INTERNET ACCESS SERVICES

KIPP NYC seeks symmetrical Dedicated Internet Access Services. (These services are currently provided by Sprint with Verizon as the Local Exchange Carrier.) Include pricing for any Customer Premise Equipment, installs, transition costs, build-outs, etc. as part of the bid package, specifying e-Rate eligibility for each of the components and services.

Provide one pricing matrix (below) for each of the following contract term lengths:

1. **One-year contract** with optional 1-, 2-, 3-year or month-to-month contract extensions.
2. **Two-year contract** with optional 1-, 2-, 3-year or month-to-month contract extensions.
3. **Three-year contract** with optional 1-, 2-, 3-year or month-to-month contract extensions.

For each term length, please provide pricing for incremental speeds – current speed, 100 Mbps, 300 Mbps, 500 Mbps, 1 Gbps, 10 Gbps. The school reserves the right to expand up to 10 Gbps over the course of the contract.

Indicate Yes/No if a Fiber circuit can be brought to the DMARC without a local loop.
