Delete your welcome email or want to reset your password?

Go to storybuilder.story2.com/forgotpassword and enter the email address associated with the account. After that, you'll receive a new email with a link to set a password.

Note: each time to request to set a password you'll receive a NEW email with a NEW link, so any older links won't work. Check the timestamp on the email to make sure you're in the most recent one!
